**Appointment of Business Development Director**

Duphil management team is pleased to announce the appointment of Mr. Todd Ledet as the new Director of Business Development and Marketing. Todd will be succeeding Mr. Oscar Kessinger, effective March 4<sup>th</sup>, 2021. After more than 35+ years of hard work, Mr. Oscar Kessinger has decided to retire and will be spending more time with his lovely wife and family. We want to thank Mr. Kessinger for all his hard work and efforts for Duphil over

the last 3 years. He has been instrumental in sustaining Duphil through industry downturns and has been key in onboarding new accounts such as Air Products and Praxair. Thank you, Oscar, for all you have done!

Todd comes to Duphil with more than 14 years' experience in business development and growth marketing. Todd holds a B.S degree from Clemson University in Industrial Engineering and is actively involved in his community. Todd will serve as the Director of Business Development and Marketing, sustaining and growing our customer base. Todd will report to Neal Ledet, Vice President of Duphil, Inc.

Todd comes to Duphil after previously working for Schooley Mitchell and for Sunland Construction where he held roles of increasing responsibility including the Director of Business Development and Marketing at Sunland Construction. Todd was instrumental in the growth of Sunland Construction during his tenure and we look forward to his contribution here at Duphil moving forward.

Please join me in welcoming Todd to the Duphil team and thanking Oscar for all his contributions and dedication over the years.

*Justin Ledet*
